Education

1983-1985

Bergius-Schule, Frankfurt am Main. Technical college for clothing,
special field furs and skins with final examination.

1980-1983

Max-Eyth-Schule, Dreieich-Sprendlingen. Secondary school with
specializing in business management with final examination.

Seminars and Courses

January 1991

Seminar for dangerous goods.

Special training for commissioner of dangerous goods. (Duration: 1
Week)

May 1992

IBM System/36 fast training.

System control. SEU and DSU. (Duration: 1 Week)

June 1992

RPG Basics.

Programmer course for the programming language RPG. (Duration: 3
Days)

March 1993

IBM AS400 Foundation Training.

Data concepts. Interactive data base programsw (Duration: 2 weeks)

17th June 1996
until 5th July 1996

UNIX User and System management.

15th July 1996
until 9th August 1996

Programming in C, object-oriented programming in C++.

12th August 1996
until 23rd August 1996

Microsoft Windows 95 in a network.

26th August 1996
until 13th September 1996

Application development with relational databases.
SQL-Programming

23rd September 1996
until 27th September 1996

Microsoft Windows NT V3.5.

23rd November 2006
until 24th November 2006

Successful leadership I

25th January 2007
until 26th January 2007

Successful leadership II

09th October 2008
until 10th October 2008

Successful leadership III

15th May 2008
until 17th May 2008

Basis training IAS 39

23rd April 2009
until 24th April 2009

Successful leadership IV

14th September 2011

ABACUS for consultants - base seminar

until 20th September 2011	
29th January 2015 until 30th January 2015	Rhetoric seminar
21st September 2015 until 22nd September 2015	Intelligent repartee and confident argumentation
06th March 2017 until 07th March 2017	PRINCE2 Foundation Project management with certificate
27 th June 2018	RPA Developer Foundation Training

Further education in own initiative

1995	Self-educated learning of the programming language Pascal. Slight experience.
1999	Self-educated learning of the programming language Visual Basic.
1999	Self-educated learning of HTML and JavaScript Creation of an own web page.
2000	Self-educated learning of the programming language JAVA.Slight experience.
2000	Self-educated learning of CGI-programming, use of e-RPG, HTML and JavaScript.
2002	Use of the programming language C and C++ for private game programming with Microsoft DirectX.
2005	Use of JAVA (J2SE) for developing an application for application maintenance.
2018	RPA (Robotic Process Automation)
